

PERRY LUXE

Luxurious, hand-crafted, superior quality.

With each window covering, we draw from decades of knowledge of how to construct a superior product. Each drapery is tested for quality and functionality, with special attention paid to how it will be installed. We excel in working with difficult fabrics and challenging windows so that our customers never have to settle for less than what they envision for their clients.

Our house fabrics, Natural Washed Cotton and Natural Washed Canvas/Duck, are legendary among many of our customers. Producing them requires multiple steps of handling the fabric through specific processes that we've developed over the years.

Our Natural Washed Cotton undergoes a stringent inspection for flaws and appearance that goes beyond a typical workroom flou light. We expertly customize the wrinkling based on the shade or drapery style to achieve a sophisticated result with a matchless distinction.

Our Natural Washed Canvas/Duck is made of the highest quality cotton. We offer it washed, in a loom state, and brushed for a beautiful, unique finish.

All drapes are available with COM or our house fabrics.

"Doing a project long distance can always be challenging – especially when it comes to all of the details involved with custom window treatments. You and your team made it all run very smoothly and the clients were thrilled with your quality and your customer service. We will definitely use you again on future projects in Arizona."
