

PERRY LUXE

## Roman Shades Built To Last

With each window covering, we draw from decades of knowledge in how to construct a superior product. Each shade is tested for quality and functionality, with special attention paid to how it will be installed. We excel in working with difficult fabrics and challenging windows so that our customers never have to settle for less than what they envision for their clients.

Our house fabrics, Natural Washed Cotton and Natural Washed Canvas/Duck, are legendary among many of our customers. Producing them requires multiple steps of handling the fabric through specific processes that we've developed over the years.

Our Natural Washed Cotton undergoes a stringent inspection for flaws and appearance that goes beyond a typical workroom flaw light. We expertly customize the wrinkling based on the shade or drapery style to achieve a sophisticated result with a matchless distinction.

Our Natural Washed Canvas/Duck is made of the highest quality cotton. We offer it washed, in a loom state, and brushed for a beautiful, unique finish.

All shades are available with COM or our house fabrics.

*"I am working on a project that was one of my first Perry orders....probably about 30 years ago and darned if those roman shades don't still look perfect!! Lining intact etc...amazing!"*  
- Terri DeMun, Lone Star Interior Design

## **WINDOW COVERINGS**

Perry Luxe custom window treatments are under warranty for the life of the product. We guarantee our products to be free of fabrication and materials defects, provided that the product is properly installed and is owned by the original end user.

This warranty is limited to rework or replacements only and PERRY Luxe retains the right to determine how a fabrication defect will be corrected. Replacements will be made to the original specifications only.

This warranty does not include conditions or damage resulting from normal wear and tear, sun damage, misuse or abuse, improper installation, reinstallation, or damage to fabrics caused by the use of cleaning solutions or applied chemicals.

## **FABRICS**

*For Roman Shades, draperies, valance and home accessories (pillows, duvet covers)*

Care: Window treatments may be dusted or lightly vacuumed with an upholstery attachment for regular maintenance. Steam with a professional upholstery grade steam cleaner when heavy cleaning is necessary or consult a professional drapery cleaner in your area.

*For Roller Shades and panel tracks*

Care: Roller Shade window treatments may be dusted with a brush in place or vacuumed periodically. For solar screen fabrics (vinyl coated) you can use soapy water with a mild detergent and clean with a soft bristled brush. Rinse thoroughly.
