our story

Perry Luxe is a second-generation manufacturer of sculpted steel furniture. Our hand-crafted furniture is made of plate steel and formed and finished in our Tucson studio by our team of artisans. We sell to design professionals around the world. Perry Luxe collaborated with Lawrence Lake Furnishings to create an industrial table collection at a value price. Mr. Lake created a collection of tables that embrace classic lines and modern forms. The tables that embrace the materiality of steel and expose the rustic construction of bends, welds and seaming. Layering a selection of luxury finishes over these rustic simple forms creates a surprising juxtaposition of rustic and refined. Designed and scaled for use in commercial and public spaces, they transition well to large scale residential spaces too!

LAWRENCE LAKE
FURNISHINGS

Award-winning designer Lawrence Lake has more than three decades' experience in interiors, launching his career in luxury residential. He went from designing multi-million-dollar custom homes, to million-dollar production homes to luxury multi-family homes. Crafting brands for Greystar and Camden for over a decade, constantly elevating the product quality and the lifestyle of his customers. He is a micro-influencer, leader in the design community, Editor in Chief of a design magazine, Sources for Design and leads The Lake Design Foundation for student scholarships. Loving his career of designing multi-family homes across the West Coast, he lives at Skywater on Town Lake, a multi-family project he designed, with his husband and 2 Dalmatians giving him the understanding of a truly urban lifestyle.

our finishes

Bendr is available in 4 standard finishes and 2 metallic accent finishes. Our finishes are hand applied and hand finished in our studio. They are durable in use and usable outside. We seal our finishes with a high-quality automotive grade clear coat, which makes each piece very durable. The clear coat is a two-part urethane and applied multiple times until the desired thickness is achieved. Each piece is then brought to a beautiful satin sheen, that cleans easily with a soft damp rag.

bendr

bendr end table

Standard 24" x 24" x 20" h
Large 30" x 30" x 24" h

Available in 4 finishes and 2 metallic accents.

bendr square coffee table
36" x 36" x 16"h

bendr rectangular coffee table
48" x 30" x 16"h

The Bendr End Table is our line defining piece. The simple use of the bent steel form adds detail and drama. Its open box steel base with exposed welding, supports the cold rolled steel top that bends at the corner. The bent strap detail creates open corners and comes in 2 metallic finishes.

folded

folded coffee table

Standard 36" x 36" x 18"h
Large 60" x 60" x 18" h

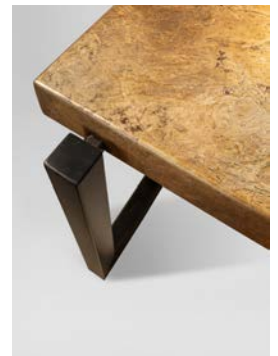

Available in 4 finishes and
2 metallic accents.

The Folded Coffee Table is designed to bring modern massing to a room. The open box designed metal tubular frame is tack wrapped in mild steel sheet metal. The zig zag end highlights the folding look of steel.

stacks

Stacks End Table is inspired by modern industrial architecture. Structurally bent corners provide the support for the stacks of mild steel plate that creates the floors of display and storage. Our large size table is massive, weighty, and perfect between two sofas inside or out.

post

Our rustic Post Dining Table is a simple form. The structural steel post is highlighted by industrial fins that run vertically. Our mild steel plate top and base make the table heavy and stable. The top is available in our two metallic finishes that add a glam layer to the industrial table. This table is great outdoors in a windstorm!

tip toe

Our beast of a structural steel table, defies logic, as it sits “tip toe” on the floor. The cold rolled steel table features welds and textures for a rustic vibe. This weighty table will not be pushed around the room by the kids. It’s a beast on “tip toe”.

tip toe dining table

Standard 36" x 36" x 30" h
Large 48" x 48" x 30" h

Available in 4 finishes and 2 metallic accents.
